

Academic Transcript of College of Engineering and Technology, Hubei University of Technology

Student ID:0915026109

Name: Mei Liuxi

Class:09gb Automation 1

Length of Schooling: Four years

Academic Year	Course	Score	Credit	Academic Year	Course	Score	Credit
2009-2010 1st Term	College English 1	78	4	2011-2012 1st Term	Fundamentals of MATLAB	76	2
	Advanced Mathematics 1	74	5.5		College Student Career Core Competence 1	82	1
	Engineering Graphics	66	3		Course Design of PLC & Power Electronic Technology	75	2
	Military Theory	78	1.5		Power Electronic Technology	70	3
	Theories of Mao Zedong, Deng Xiaoping and Three Represents	60	4.5		Course Design of Power Electronic Technology	65	1
	Morality & Legal Basis	66	2.5		Electronic CAD	71	2
	Physical Education 1	60	1		Microcomputer Principle and Interface Technology	66	3.5
2009-2010 2nd Term	Programming in C	76	4	2011-2012 2nd Term	Modern Electrical Control Equipment & PLC	73	3
	College Physics	60	3.5		Outline of Modern Chinese History	73	1
	College English 2	83	4		Automatic Control Theory	77	5
	Circuit Theory 1	71	4		College Student Career Core Competence 6	61	2
	Electronic Practice 1	73	2		Principle and Applications of Single Chip Micro Computer	71	2
	Advanced Mathematics 2	61	5.5		Fundamentals of Electrical Engineering Design	74	1
	Fundamentals of Computer Application	78	2		Computer Control Technology	70	3
2010-2011 1st Term	Physical Education 2	67	1	2012-2013 1st Term	Course Design of Computer Control Technology	75	1
	Introduction to FLASH	75	2		Measurement Technology & Instrument	68	2.5
	College Physics 2	70	3.5		Basic Principles of Marxism	62	3
	College English 2	68	4		Fundamentals of Modern Control Theory	79	2.5
	Circuit Theory 2	61	4		Signals and Systems	67	3
	Electronics Experiment 1	60	1.5		Information Retrieval	75	1.5
	Probability Theory & Mathematical Statistics	72	3		Motion Control System	60	3
2010-2011 2nd Term	Introduction to Advertising	66	2	2012-2013 2nd Term	Motion Control System Experiment	75	2
	Metalworking Practice	85	2		College Student Career Core Competence 3	87	1
	Analog Electronic Technology	79	3.5		College Student Career Core Competence 5	77	1
	Course Design of Analog Electronic Technology	85	1		Introduction to Electric Power Engineering	64	2.5
	Physical Education 3	72	1		Industrial Computer Network	64	2.5
	Physical Experiment 1	72	2		Process Control System	60	3
	Linear Algebra	60	2		Technological Economics	72	1
2010-2011 2nd Term	College English 4	74	4	2012-2013 2nd Term	Switching Power Supply Technology	74	2.5
	Electrical Motor & Drive	71	6		Scientific Paper Writing	64	2
	Electronics Experiment 2	80	1.5		Control System Simulation Technology	60	2.5
	Complex Variable Function & Integral Transform	73	2.5		Automotive Technology	62	2
	Leadership Art	72	2		Production Practice	65	4
	Object-Oriented Programming	73	3.5		Intelligent Control Technology	60	2
	Digital Electronic Technology	72	3.5		Comprehensive Experiment of Automation	81	2
2012-2013 2nd Term	Course Design of Digital Electronic Technology	68	1		Graduation Design	85	13
	Physical Education 4	84	1		Graduation Practice	85	4
	Physical Experiment 2	71	1.5
